No. 11 is made by Mr. Conrad Pritts who is Manager of the West Park Street Apartment House, Nos. 17 and 19 West Park Street, Newark! Mr. Fritts makes this statement voluntarily: For several years past my sister-in-law, Mr. Lena Lamon, who lives in Anthony, Muster-don County, New Jersey, has suffered greatly with inflammatory rhemations and nervous troubles, which intuity ren into R. Vitts Dance. She was regularly attended and prescribed for by the less physicians who feeded affers long cause of treatment, than her case was incorable. The doctors advised a change of air and residence, stating that temporary relief might be obtained by such change, but that medicine could not do her say goes! Mrs. Lamon left Anthony in the antomo of 1865, and came to Newark and took up nor residence as my house. At the time, her feet and limbs were so swollen with rhemmation; that sice could scarcely walk. Her nervous condition was very bad, and 8t, Vitus Dance camed her to twitch and shake constantly. Ague had also set in, and one night soon after Mrs. Lamon's arrival she was suffering so much that I determined to go a drug slave and try and get some modicine to relieve her if possible. The Cruscent Drug Store was the nearest store, and I went there. I tacked the matter over with the druggist, and he persuaded me to bray a bottle of Crescent Sarasparitis, and within three mouths she became a well woman. She went back to her home, and she, has had no return of her former dispase; on the contrary, she is in perfect health and onjoy fire (for 'the first time her several years), without pain and suffering. All har friends and relatives in anthony were grashy surprised at her recovery, and can attest to the facts in her case. I consider her one amost a miracle. Four bottles of Crescent Sarasparilla cured Mrs. Lannon of Imfamunatory Rheumation St. Vins Dance and agne after a case lack been pronounced hopoless and incurable by the best physicians in Hunterion County.
